DID YOU KNOW?

Research has shown that additional financial aid can:

- Increase the odds students graduate on-time
- Reduce the time students work so they can focus on school
- Reduce how much students have to borrow

STRONG FINANCIAL AID PROGRAMS ARE CRITICAL TO THE FUTURE OF OUR KIDS, OUR ECONOMY AND OUR STATE.

Financial aid helps students afford both public and private nonprofit colleges. Almost 100,000 Minnesota students receive State Grants and more than 150,000 receive federal Pell Grants.

As a parent or alum,

there are simple things you can do to speak up for students and financial aid. You can have a big impact on lawmakers. **ACT NOW!**
